## Technical Data

| Property                          | Value                            |
|-----------------------------------|----------------------------------|
| Compound                          | Ethylene Propylene Diene Monomer |
| Hardness (IRHD)                   | 74°                              |
| Tensile Strength                  | 9 MPa                            |
| Elongation at Break               | 430 %                            |
| Compression Set (22 h @ 70° C)    | 28 %                             |
| <b>Heat Ageing (70 h @ 70° C)</b> |                                  |
| Hardness Change                   | +7°                              |
| Tensile Strength Change           | -18 %                            |
| Elongation at Break Change        | -18 %                            |
